

Big Bear Lake Fishing

Catch hard fighting-great eating Rainbow Trout from the cool waters of beautiful Big Bear Lake. Big Bear Lake is one of the most heavily stocked lakes in California. In 2010 the Department of Fish & Game, and the Big Bear Municipal Water District will stock over 60 tons of Rainbow Trout and Panfish. Fishing in Big Bear can be fantastic! Trout over 10 lbs. are caught every year and the current lake record trout is 18.69 caught in 2009. You will fish in total comfort & safety on a fully equipped Deluxe 22' pontoon boat, with the best fish finding & fish catching equipment available. The fish finding electronics on this boat are so advanced that many times you will actually be able to see the fish on the screen just before they are hooked. Large Biminis Top for shade.

Private Charters Only

Private Charters are for Your Family and Friends; Your Group Only, and are for a minimum of two hours, but can be for as long as you like. There can be up to 8 people in your party and arrangements can be made with a second boat for larger groups. You will fish in total comfort and safety on a Deluxe 22 foot Pontoon Boat. The boat is perfect for children, even little baby's. We supply Top Quality Rods, Reels, Lures, and Bait for your trip. Water, Soft Drinks, and snacks are provided. The boat also has a large Ice Chest you are welcome to use for additional drinks, Adult Beverages, lunches, etc.

Fishing Season

Mother Nature has a lot to do with the beginning of the season. Most years we will start fishing by April 1st and fish through November. Many people mistakenly believe that trout fishing is only good early in the morning and late in the day. In fact, some days are best right in the middle of the day! So don't worry about getting up early, if you like to sleep in!

Meet Your Guide
